OBITUARY

Felicia Taylor, mother, grandmother, sister, friend, Christian, businesswoman/entrepreneur and native San Mateo, was born in that city on November 5, 1965 to the late Walter Victor Taylor and the late Frances Ann Lacy Garner. Ten months after her birth, Laurie Taylor made her debut and these sisters, twins for 2 months, grew up on the east side of San Mateo. Felicia attended Baywood elementary, Borel Middle school and San Mateo high school.

In 1986, Felicia gave birth to her daughter Danielle, with Darrell Tanksley. For 4 years Felicia and Danielle were inseparable, navigating through life together. Then Felicia met and married Ray McDowell in 1990 and they became a family, from that union, Felicia gave birth to Ramar Anthony McDowell in 1994. As a mother of 2, Felicia was driven to give her children the best life possible and worked in a variety of professions until she found her true calling; Real Estate.

After attending school and studying for her license, Felicia earned her Real Estate license in 2003 only to realize that she could be the whole package, earning her Broker's license in 2007. Immediately following she started her own company; Paradigm Investments. Felicia grew her business and eventually expanded where she was able to lead a team of 10 Real Estate Agents. Many who have gone on with the knowledge and experience Felicia provided, to run their own successful businesses. One of Felicia's proudest professional moments was helping her nephew Robert, purchase not one, but two homes.

As Felicia's success became more frequent, she often worried that she wasn't worthy or grateful enough and as she normally did, decided to seek out a higher power for answers. That journey led her to Christ where she accepted him in 2005. Felicia became a member of Word Assembly in Oakland where she worshipped until her death.

For those that knew Felicia and were accepted in her circle, knew that she was passionate about her beliefs, stubborn, resourceful, empathetic, loved the movies, reading, attending concerts and hanging out. She loved to eat and was always open to trying new restaurants and foods. Loving clothes and accessories was an understatement. She was much like her mother and grandmothers when it came to her hair and nails which were always impeccably done.

If you had asked Felicia about her successes, she would talk about raising 2 amazing children and eventually becoming a grandmother or "Mimi" as she was called, her relationship with her sister Laurie, no matter how volatile it was at times, coming to know her other siblings, and maintaining lifelong friendships, most especially with Ronnette Matthews.

Felicia leaves in love her grandmother Isabell Junious, her daughter Danielle Aldredge and son-in-law, Duron Aldredge, her son Ramar McDowell, her sisters

Laurie Taylor, Lynette Byrd, Jaronet Whitaker, and Maya Scott, brothers, Ronald (Peter) Taylor, two grandsons; Elijah and Micah Aldredge, her nephew Robert Crayton. Also, in love, she leaves best friends Ronnette Matthews, Nadine Cherry, Tara Banks, Anzuree Hill, Kathi Rhodes, and Kimmala Jackson Rios. Felicia also leaves nieces, nephews, cousins, god children and many friends, some that date back to childhood.

Her smile, her laughter, her love and her dreams are the precious pieces of Felicia that many will forever cherish.
